

Internet Privacy Statement

At Leverage Information Systems, Inc., our goal is to provide <http://www.leverageis.com> visitors with quality information, products, and services. We are equally committed to providing you with responsive, personalized service and keeping you informed about new products, services and industry trends.

Protecting your privacy is important to us. In providing products and services to you, we may collect certain non-public personal information about you. Our policy is to keep this information strictly confidential and to use it as needed to provide services to you. Our privacy policy applies equally to our current and former customers, as well as individuals who simply inquire about the services or products we offer. We may change this privacy policy in the future upon notification to you.

Information We Collect

When you browse our website, you do so anonymously. We do not automatically collect personal information, including your name, e-mail address, or your employer. Leverage Information Systems, Inc. collects personal information online when you use certain company products and services, when you participate in an online survey, or when you ask to be included in an e-mail. ***When personal information is gathered, we will inform you at the point of collection what our intent and purpose is.*** In most cases we will provide you with the opportunity to “opt in” prior to receiving direct marketing or market research information. In the least we will give you the opportunity to “opt out” of receiving such materials.

Information We Disclose

We do not sell or disclose individually identifiable information obtained online about our visitors to anyone outside of Leverage Information Systems, Inc. The only exceptions to this rule are if you specifically authorize Leverage Information Systems, Inc., to share your information with another company or if required to do so by law.

How We Safeguard Your Information

We restrict access to non-public personal information about you to those persons who have a business reason to know it or who are permitted by you to receive it. We maintain physical, electronic and procedural safeguards to protect the confidentiality of your information.

Cookies

Leverage Information Systems, Inc. collects non-personally identifiable information regarding your visit, usually in the form of cookies. Our web servers automatically collect statistical information about your visit such as pages visited and which browsers are used to visit our site. We use these statistics to monitor our site’s performance and to make it easier for you to use.
